

Exemptions Michigan state law from Public Access to Information Act (PAIA) Michigan (E) Public Access to Information Act

submittal of your draft application, please let us know. In addition, Michigan may resolve these comments through interpretation of State law. NRC will accept interpretations provided by the State Attorney General, or other attorney designated as legal advisor to the radioactive materials program. To assist the State in responding to these comments, the 1983 Council of State Governments generic model of a Radiation Control Act in Suggested State Legislation, Volume 42, can be found at: <http://www.crcpd.org/PDF/RadControl.PDF>.
