ALL AGREEMENT STATES, NEW JERSEY, PENNSYLVANIA, VIRGINIA

**OPPORTUNITY TO SUGGEST UPGRADES TO THE NUCLEAR MATERIAL EVENTS  
DATABASE (NMED) (FSME-07- 009)**

This is to inform you of the opportunity to suggest upgrades or improvements to the Nuclear Material Events Database (NMED). Every three years, the local software provided to the States is reviewed to determine the need for upgrades or improvements to better meet the needs of users. The next upgrade to the software will begin in March 2007. In order to ensure the most efficient and useful software, we encourage the States to submit their suggestions and comments directly to the contact listed below.

Suggestions and comments regarding both the NMED local software and the NMED National web site are welcome at any time, and are not limited to the periodic upgrades. To ensure that the comments can be considered for the current upgrade to the local system, however, they must be received within 30 days from the date of this letter.

If you have any questions regarding this correspondence, please contact me or the contact listed below.
