ALL AGREEMENT STATES, VERMONT, WYOMING

OPPORTUNITY TO COMMENT ON DRAFT NUREG-1556, VOLUME 9, REVISION 3,
“CONSOLIDATED GUIDANCE ABOUT MATERIALS LICENSES: PROGRAM-SPECIFIC
GUIDANCE ABOUT MEDICAL USE LICENSES” (STC-16-092)

Purpose: To provide the Agreement States with the opportunity to comment on the Office of Nuclear Material Safety and Safeguards draft NUREG-1556, Volume 9, Revision 3, “Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Medical Use Licenses.”

Background: The U.S. Nuclear Regulatory Commission (NRC) is revising the licensing guidance in the NUREG-1556 series. The NRC originally published NUREG-1556, Volume 9 in October 2002 and was subsequently revised in 2005 and 2008. The document is intended for use by applicants, licensees and NRC staff, and is also available to the Agreement States.

Discussion: NUREG-1556, Volume 9, Revision 3, was updated by a working group made up of NRC and Agreement State representatives, to include safety culture, security of radioactive materials, protection of sensitive information and changes in regulatory policies and practices. The volume was also reviewed by a steering committee made up of NRC management and an Agreement State manager and NRC legal staff.

This draft does not include any revisions associated with the proposed rule “Medical Use of Byproduct Material-Medical Event Definitions, Training and Experience, and Clarifying Amendments” as that rulemaking is not completed. The proposed rule and proposed changes to NUREG-1556, Volume 9, associated with the proposed rule were published for public comment in the *Federal Register* ([79 FR 42409](#), [79 FR 42224](#)) on July 21, 2014. Comments received on those changes are being considered by the NRC staff separately. If the proposed rule becomes final, the proposed revisions to NUREG-1556, Volume 9 addressing the implementation of the proposed rule will be incorporated into this NUREG-1556, Volume 9, Revision 3 before its final publication.

The notice announcing the availability of the draft volume for comment was published in the *Federal Register* (81 FR 87978) on December 6, 2016:
