

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

(STP-06-067, July, Training, H-305)

July 26, 2006

ALL AGREEMENT STATES, NEW JERSEY, PENNSYLVANIA, VIRGINIA

**ACCEPTANCE TO THE SAFETY ASPECTS OF INDUSTRIAL RADIOGRAPHY COURSE  
(H-305) (STP-06-067)**

Enclosure 1 is the list of students from the Agreement States selected to attend the September 18-22, 2006, Safety Aspects of Industrial Radiography Course (H-305). Please provide the list of students and the instructions (Enclosure 2) to each individual from your program who is on the list. A tentative schedule is enclosed (Enclosure 3). States with students attending this course have agreed to pay travel expenses, and, where designated, the tuition. To cover the tuition expense, each State should submit a purchase order or equivalent document, to the U.S. Nuclear Regulatory Commission (NRC), to the following address:

U.S. Nuclear Regulatory Commission  
Attn: Leah P. Tremper  
Office of the Chief Financial Officer  
Mail Stop - T9E10  
Washington, DC 20555

The NRC will, in turn, issue you a bill (invoice). If for any reason your attendee is unable to attend, please submit to us a written purchase order, or equivalent, to cancel, prior to the starting date of the course. Course attendees should be encouraged to make travel and lodging arrangements as soon as possible.

To assist us and other States, and to help ensure that States with candidates on waiting lists will have an opportunity to fill vacated slots that may open up after our course acceptance letters have been sent to you, we ask that you inform us of any cancellations 30 days prior to the course starting date.

If you have any questions regarding this correspondence, please contact me or the individual named below.

ENCLOSURE 1

## INSTRUCTIONS TO STUDENTS

**ACCEPTANCE:** This is to advise you that those individuals in Enclosure 1 have been accepted for participation in the training course (H-305) "Safety Aspects of Industrial Radiography." This course is scheduled to be presented September 18-22, 2006, at Source Production and Equipment Company (SPEC), 113 Teal Street, St. Rose, Louisiana. The telephone number is (504) 464-9471. Enclosure 3 is a tentative course outline and schedule for the course.

**LOCATION INFORMATION:** SPEC is located in the James Business Park, a couple of miles west of the airport off of US Highway 61. There is a Ramada Inn at the entrance of the park, at a traffic light. Go through the light and turn right on the next street (James Drive West), by Wendy's. Continue on James Drive West until you come to Teal Street (3<sup>rd</sup> street on right side). Turn right onto Teal Street. The second and third offices on the left are SPEC buildings (113 & 119 Teal). The training facility is upstairs at 119 Teal Street in St. Rose, LA. You may park in either parking lot.

**LODGING AND TRAVEL:** You should plan to arrive on Sunday, September 17, 2006 and depart on Friday, September 22, 2006. Participants must make their own lodging arrangements. Individuals should request a State or government employee rate at the hotels. The closest hotel is the Ramada Inn & Suites New Orleans in St. Rose, LA (1-800-272-6232 or 504-466-1355). The following hotels are only a couple of miles from the SPEC office. [Note: No endorsement is expressed or implied. It is the individual's responsibility to ensure that rates are within their employers' limits.] Best Western at the Airport (504-464-1644); Hilton New Orleans Airport (800-HILTONS or 504-469-5000). These are directly across the highway from the airport. [If a shuttle is not available, you might consider going to the airport and take a taxi from there.] Other hotels further away, but in the vicinity (transportation would be needed) are: Radisson Inn N.O. Airport (800-333-3333 or 504-467-3111); Travelodge Airport (504-469-7341).

Hotel reservations should be arranged as early as possible. The hotels shown have re-opened since Hurricane Katrina, however, several are accepting reservations only when you telephone the New Orleans location directly but not through the 800 phone numbers.

**COURSE HOURS AND ATTIRE:** Official work hours for this course are from 8:00 a.m. - 5:00 p.m. with an hour for lunch. The basic course schedule is for lectures in the morning with laboratory exercises in the afternoon. Students should dress casually and wear comfortable pants/slacks and shirts that will facilitate laboratory exercises.

**NOTE:** Students should bring issued dosimetry (issued-dosimetry will be available for those who do not have issued dosimeters) and a scientific calculator.

**Safety Aspects of Industrial Radiography H-305  
Tentative Course Outline**

Monday:

8:00 a.m. - Noon: Introduction/Radiography concepts and fundamentals  
1:00 p.m. - 5:00 p.m. Labs: Setting up and using devices; plant tour.

Tuesday:

8:00 a.m. - Noon: Radiography safety and operations.  
1:00 p.m. - 5:00 p.m.: Labs: Establishing boundaries; source exchange; inspection.

Wednesday:

8:00 a.m. - Noon: Federal & State Regulations.  
1:00 p.m. - 5:00 p.m.: Site inspection; emergency source retrieval.

Thursday:

8:00 a.m. - Noon: Transportation regulations and radiography company operations.  
1:00 p.m. - 5:00 p.m.: Labs: Shipping packages; performing a radiograph.

Friday:

8:00 a.m. - 10:00 a.m.: ANSI equipment standard; course review.  
10:30 a.m.- Noon: Course examination  
1:00 p.m. - Critique of Course: Discussion of Items of Interest to Participants

\* Note: This course outline is tentative and subject to change.
