ALL AGREEMENT STATES

**ACCEPTANCE TO THE INCREASED CONTROLS TRAINING COURSE (S-201)
(FSME-13-025)**

PURPOSE: To provide the list of students selected for the Increased Controls Training Course (S-201).

BACKGROUND: NRC provides the list of students and instructions to the States to help ensure the States with candidates on waiting list will have an opportunity to fill vacated slots that may open up after this notification letter has been sent.

DISCUSSION: Enclosure 1 is the list of students from the States, who have been selected to attend the May 6-10, 2013 Increased Controls Training Course (S-201). Please provide this memorandum and the enclosed instructions (Enclosure 2) to the students that may be in your organization. Enclosure 3 provides the tentative agenda. State travelers attending this course should make their airline travel arrangements through Carlson Wagonlit Travel at 1-866-250-2160. Travel information should then be submitted to Brenda Usilton at Brenda.Usilton@nrc.gov (preferred method) or faxed to 301-415-3502, in order to process the travel authorization (Enclosure 4). Travelers should follow the instructions in Enclosure 2 to reserve lodging in Chattanooga, TN. Enclosure 4 needs to be completed and returned to Brenda Usilton. Please make sure your program manager signs the form.

We ask that you inform us of any cancellations 30 days prior to the course starting date or as soon as you are aware that you cannot attend.

Please note that the May 6-10, 2013, class will provide instruction on the Increased Controls (IC) and Fingerprint orders and not the soon to be published Part 37 "Physical Protection of Byproduct Materials." Students attending the May 2013 class will be provided a brief overview of Part 37 and comparative information on the differences between the requirements in all NRC issued security orders compared to Part 37. Subsequent S-201 classes will provide instruction on the Part 37 requirements and will be designed for individuals who have not previously taken S-201 or equivalent materials security class. The Part 37 Implementation Working Group is considering training options to provide supplemental training on Part 37 for those who have already taken S-201 or have extensive experience performing material security inspections. Additional information on Part 37 supplemental training will be provided as it becomes available.

* This information request has been approved by OMB 3150-0029 expiration 11/30/2013. The estimated burden per response to comply with this voluntary collection is approximately 8 hours. Send comments regarding the burden estimate to the Records and FOIA/Privacy Services Branch (T-5F52), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by Internet e-mail to infocollects@nrc.gov, and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202 (3150-0029), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.
