

UNITED STATES NUCLEAR REGULATORY COMMISSION WASHINGTON, D.C. 20555-0001

July 9, 2025

ALL AGREEMENT STATES CONNECTICUT, INDIANA, WEST VIRGINIA STATE LIAISON OFFICERS ALL FEDERALLY RECOGNIZED AMERICAN INDIAN AND ALASKA NATIVE TRIBES

NOTIFICATION OF THE FUEL CYCLE PROCESSES (F-201) TRAINING COURSE (STC-25-034)

Purpose: To provide notification to all Agreement and Non-agreement States, State Liaison Officers, and federally recognized Indian Tribes of the U.S. Nuclear Regulatory Commission's (NRC's) Fuel Cycle Processes (F-201) training course to be held October 6-10, 2025, at NRC headquarters in Rockville, MD and virtually.

Background: The NRC has opened the course to Tribes, States, and Federal agencies. The course provides an overview of the nuclear fuel cycle, including uranium mining, fuel fabrication, storage and disposal, as well as safety analysis and regulatory topics. The class will last 32 hours over four full days and an optional exam will be offered during the morning of day five. Some of the attendees will be NRC employees required to complete the final examination as part of their formal qualification program.

Discussion: The hybrid course is free and will be held at the NRC Two White Flint North Auditorium and virtually through Microsoft Teams. If you would like to take this course, please register through the **Form**. The deadline for registration is Sep 29, 2025. If after registering you are unable to attend the class, please withdraw as soon as possible so those on the waiting list may have an opportunity. Questions about the course should be directed to Nicole Cortes at <u>Nicole.Cortes@nrc.gov</u>. The NRC is not providing funding for associated travel or per diem.

If you have any questions regarding this correspondence, please contact Nachiketh Chandran at <u>Nachiketh.chandran@nrc.gov</u> or (301) 415-1453.

Signed by Morgan, Nadiyah on 07/09/25
