Compatibility Review Process

Day 0

- State proposes or revises a rule, license condition, or legislation
- State submits regulation, license condition, or legislation to the NRC for review

2 Days

- Acceptance review performed by the State Regulation Review Coordinator (SRRC)
- Acceptance email sent to State if package accepted for review

14-30
Days

- Reviewer is assigned by the Deputy MSTR Division Director or designee (usually the SRRC)
- Reviewer performs and documents the compatibility review

2 Days

- SRRC audits the completed review
- Reviewer and SRRC resolve any outstanding comments/issues

14 Days

- NRC Office of the General Counsel (OGC) performs a legal review
- SRRC and OGC resolve any outstanding comments/issues
- SRRC calls the state to communicate the review results

2 Days

- Compatibility review letter, comments (if any), and State Regulation Status Sheet (SRS) are finalized
- Deputy MSTR Division Director or designee signs the review

60 Day
Goal

- Review letter is sent electronically and mailed to the State
- Review results are posted to the NMSS website at: <https://scp.nrc.gov/rulemaking.html>
