

DATED: MARCH 26, 1996

SIGNED BY: RICHARD L. BANGART

Ms. Elinor Hall, Administrator  
Health Division  
Oregon Department of Human Resources  
Suite 950  
800 N.E. Oregon Street, #21  
Portland, OR 97232

Dear Ms. Hall:

Thank you for your letter of February 14, 1996, responding to our review of the Oregon radiation control program (RCP). The information provided in your letter directly responded to program review findings and addressed our comments and recommendations. Although you responded promptly and appropriately to comments and recommendations in your letter dated December 26, 1995, which documented the results of our 1995 review, we do not plan to close any of these items until the results of the upcoming follow-up review scheduled for July 8-12, 1996, have been obtained. We appreciate the prompt actions that you have taken to improve the Oregon RCP, especially the comprehensive action plan with milestones, and management feedback. We also thank you for the voluntary quarterly progress reports that you are supplying to NRC. Based on these progress reports and your response to our letter, we feel that the Oregon RCP is well on its way back to a fully adequate and compatible program.

Thank you for your continued support of the Oregon program. If you have any questions at this time, please feel free to contact me at 301-415-3340, or Jack Hornor, our Regional State Agreements Officer, at 510-975-0224.

Sincerely,

Richard L. Bangart, Director  
Office of State Programs
