NUCLEAR REGULATORY COMMISSION

David Walter, Director
Office of Radiation Control
State Department of Public Health
201 Monroe Street
P.O. Box 30317
Montgomery, AL 36130-3017

Dear Mr. Walter:

We have reviewed the final revision to the Alabama Radiological Health Rules Chapters 420-3-26-.01, .02, .03, and .07, received by our office on October 17, 2014. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules and the requirements of the eight amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with David Walter on December 16, 2014.

As a result of our review, we have 14 comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure [SA-200](#), "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in NMSS (formerly the Office of Federal and State Materials and Environmental Management Programs) Procedure [SA-201](#), "Review of State Regulatory Requirements," please highlight the location of any changes made by Alabama, in response to our comments, and provide a copy to Division of Material Safety, State, Tribal, and Rulemaking Programs, NMSS. The SRS Data Sheet summarizes our knowledge of the status of other Alabama regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS Web site: <http://nrc-stp.ornl.gov/rulemaking.html>.

D. Walter
