Dear Ms. McBurney:

In your letter dated March 26, 2012, you requested that the Nuclear Regulatory Commission (NRC) provide federal concurrence for "Part Z" to the Suggested State Regulations for Control of Radiation, "Medical Credentialing".

We believe these regulatory requirements are important, however, given that "Part Z" is outside of NRC's regulatory authority, we did not conduct a review of the final regulation. As is our practice, NRC does not provide federal concurrence on Suggested State Regulations which are not within NRC regulatory jurisdiction. If you have any questions, please contact Kathleen Schneider, State Regulation Review Coordinator at 301-415-2320 ([kathleen.schneider@nrc.gov](mailto:kathleen.schneider@nrc.gov)).

Sincerely,

***/RA P.J. Henderson for/***
