NUCLEAR REGULATORY COMMISSION**
WASHINGTON, D.C. 20555-0001

October 21, 2014

Sherrie Flaherty, MHP, DC, Supervisor
Radioactive Materials Unit
PO Box 64975
St. Paul, MN 55164-0975

Dear Ms. Flaherty:

We have reviewed the proposed changes to the Minnesota Rules Chapter 4731 received by our office on August 4, 2014. These regulations were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements of the eight amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Brandon Jones on October 21, 2014.

As a result of our review, we have two comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that the Minnesota regulations meet the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final Minnesota regulations. However, we have determined that if your proposed regulations were adopted, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in FSME Procedure SA-201, "Review of State Regulatory Requirements," please highlight the final changes, and provide a copy to Division of Material Safety, State, Tribal and Rulemaking Programs.

The SRS Data Sheet summarizes our knowledge of the status of other Minnesota regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS website: <http://nrc-stp.ornl.gov/rulemaking.html>.

S. Flaherty
