Mr. Robert W. Goff, Director
Division of Radiological Health
State Department of Health
3150 Lawson Street, P.O. Box 1700
Jackson, MS 39215-1700

Dear Mr. Goff:

As requested, we have reviewed the proposed Regulations for Control of Radiation in Mississippi sent February 16, 2001. The undated proposed regulations are in Part 801, Section A, General Provisions; Section C, Licensing of Radioactive Material; Section D, Standards for Protection Against Radiation; Section E, Industrial Radiographic Operations; Section Q, Licensing and Radiation Safety Requirements for Irradiators; and Section T, Transportation of Radioactive Materials. The proposed regulations are in response to the 26 amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. In addition, we reviewed our August 2, 1996, letter to you that addressed RATS ID 1993-2 and 1994-1, and confirmed the final regulations from the 1994 review. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 20, 30, 34, 35, 36, 39, 40, 61, 70, 71, and 150. We also discussed our review of the regulations with Mr. B. J. Smith on March 22, 2001.

As a result of our review, we have four comments that have been identified in the Enclosure. In addition, we have four editorial comments that are also Enclosed. Please note that we have State Departations in 36.117-1.d (The rHoweverhave four deo ymine fine aifthatrosed regulations are irevieadopte
