<u>CRCPD SECTION</u>		<u>NRC SECTION</u>	<u>CATEGORY</u>	<u>SUBJECT and COMMENTS</u>
4	T.2	0 04	[B]	<p>Definition: Special form radioactive material</p> <p>SSR Part T definition of “special form radioactive material” should include in paragraph (3) the specific NRC references 10 CFR 0 075 and 10 CFR 0 04 and remove from paragraph (3) “must meet requirements of this definition applicable at the time of its design or construction.”</p> <p>SSR Part T needs to make the above changes</p>

1. **Definition “Normal form radioactive material”**: The quotation marks around “special form nuclear material” were omitted, however this does not change the meaning.
