Ms. Eva La
Assistant Attorney General
State of Wyoming's Attorney General's Office
Water and Natural Resources Division
2320 Capitol Ave.
Cheyenne, WY 82002

Dear Ms. La:

We have reviewed the final legislation in Wyoming House Bill HB0004, Chapter 27, received by our office on April 4, 2017, to respond to the U.S. Nuclear Regulatory Commission's (NRC) October 11, 2016, letter containing comments on Wyoming's enabling legislation that Wyoming provided on September 6, 2016, for review. The legislation was reviewed by comparison to the criteria in Section 4.1.1 of the Office of Nuclear Material Safety and Safeguards procedure SA-700 and Handbook, "Processing an Agreement" (<https://scp.nrc.gov/procedures/sa700.pdf>).

As a result of our review, we find that the final legislation in Wyoming House Bill HB0004, Chapter 27 adequately addressed our comments in the NRC October 11, 2016, letter. Resolution of other NRC comments raised in the September 26, 2016, letter on Wyoming legislation, and the NRC comments raised in the April 20, 2017, letter on the draft application package will be addressed in a separate letter.

If you have any questions, please contact Michelle Beardsley, State Regulation Review Coordinator at (267) 884-2305 (Michelle.Beardsley@nrc.gov), or Stephen Poy at (301) 415-7135 (Stephen.Poy@nrc.gov).

Sincerely,
